

Why Top Mortgage Lenders Rely On CoreLogic Credco

Performance. Leadership. Superior Technology.

19 out of 20 top lenders agree: CoreLogic Credco delivers innovative solutions that keep pace with today's dynamic business climate.

For more than 50 years, Credco's leading consumer information solutions have enabled top lenders to make sound, agile business decisions. Today, we continue to identify new technologies, and create new products, to help our customers make smarter business decisions across an ever-changing marketplace.

Performance has made Credco a leader in consumer information solutions for more than five decades. Leveraging the latest technology and one of the world's largest consumer and business databases, we continue to set the industry standard – and value benchmark – for reliable products, fast delivery and technical innovation.

Leadership is why top mortgage lenders trust Credco. We were the first to provide credit data to the mortgage industry, and today we are the nation's number one provider of merged credit reports. Credco delivers unparalleled data and performance, providing a broad range of advanced, reliable business information solutions designed to reduce risk and improve business performance. Credco is the number one choice of secondary market investors, including Fannie Mae and Freddie Mac.

Superior Technology is what drives the intelligence behind Credco's consumer and business information solutions. nd Merge, Credco's proprietary FCRA-compliant, fully scalable data merge technology platform, sources an ever expanding repository of consumer and business information to generate cutting-edge hybrid products designed to meet your evolving needs. As part of CoreLogic, Credco has access to the largest and most comprehensive US real estate, mortgage application, fraud and loan performance databases covering:

- ▶ 100 percent of all U.S. county, municipal and special tax jurisdictions (3141 Counties)
- ▶ 99.7 percent of the U.S. population
- ▶ 97 percent of all U.S. residential properties (145 million)
- ▶ 96 percent of loan-level, non-agency mortgage securities
- ▶ The nation's largest contributory mortgage fraud database

Setting the Pace

Top national mortgage lenders depend on CoreLogic Credco to set the pace for leading data technologies, customized consumer information solutions, quality customer care and reliable technical support.

About CoreLogic

CoreLogic (NYSE: CLGX) is a leading provider of consumer, financial and property information, analytics and services to business and government. The company combines public, contributory and proprietary data to develop predictive decision analytics and provide business services that bring dynamic insight and transparency to the markets it serves. CoreLogic has built the largest U.S. real estate, mortgage application, fraud, and loan performance databases and is a leading provider of mortgage and automotive credit reporting, property tax, valuation, flood determination, and geospatial analytics and services. More than one million users rely on CoreLogic to assess risk, support underwriting, investment and marketing decisions, prevent fraud, and improve business performance in their daily operations. Formerly the information solutions group of The First American Corporation, CoreLogic began trading under the ticker CLGX on the NYSE on June 1, 2010. The company, headquartered in Santa Ana, Calif., has more than 10,000 employees globally with 2009 revenues of \$2.1 billion. For more information visit www.corelogic.com.
